

# Resistance Heating Blankets

- High flexibility and durability
- Temperature sensor incorporated
- Overheat protection
- One hybrid cable for temperature signal and power
- Individual designs and geometries on request

# Resistance Heating Blankets Technical Data

Temperature:	Max. 180 °C
Power density:	Max. 5000 W/m <sup>2</sup>
Insulation:	Silicone & Textile
Dimensions:	Different standard sizes:
	BRS-0404 silicone heating blanket 40 x 40 cm <sup>2</sup> , 800 W
	BRS-0505 silicone heating blanket 50 x 50 cm <sup>2</sup> , 1100 W
	BRS-0606 silicone heating blanket 60 x 60 cm <sup>2</sup> , 1060 W
	BRS-0808 silicone heating blanket 80 x 80 cm <sup>2</sup> , 1970 W
	BRS-0610 silicone heating blanket 60 x 100 cm <sup>2</sup> , 1830 W
	BRS-1010 silicone heating blanket 100 x 100 cm <sup>2</sup> , 2000 W
	BRS-1208 silicone heating blanket 120 x 80 cm <sup>2</sup> , 2000 W
	BRS-2006 silicone heating blanket 200 x 60 cm <sup>2</sup> , 2000 W
	Other sizes on request
